

## Ride the Wave of Fitness

### Trekfit presents: The Balance Boards

Designed specifically for teens and active adults seeking a unique challenge, the new Trekfit Balance Board line offers a one-of-a-kind experience that combines the thrill of surfing and paddleboarding with a comprehensive workout.

Our collection includes two 8' surf-shaped boards with varying stability settings, providing a customized balance experience. These balance boards deliver an engaging and challenging workout, enhancing core strength and stability.

To maintain the surf vibe, we also introduce the innovative Ocean Ring. This ring-shaped Balance Board is a great hangout spot that sways following the motion of the ocean, adding an extra layer of excitement and relaxation to the park environment.

The Trekfit Balance Boards are set to become a teen favorite, a hangout spot, and a hub for one-on-one challenges amongst young visitors. Enhance your park's offerings with this refreshing lineup.

---

We took inspiration from the surf and paddleboard universe, with a desire to recreate both the fun and challenging character of the activities.

---

We embodied these characteristics in a dynamic equipment adapted for urban environments.

---

It was designed with two difficulty levels for an adaptable challenge, suitable for everyone.

---

Multiple Balance Boards with varied settings can be combined to an Ocean Ring serving as the ideal gathering spot for teenagers and active adults.

It affords both exercise and bonding activities, promoting an active and balanced lifestyle.
